Pilgrim Christian Day School

Baltimore's Best Kept Secret

410-484-9240

About Us

Pilgrim Lutheran Christian School is an extension of the Pilgrim Lutheran Church, located in the same location. It was established in 1948 as an expression of the importance we as a church place on Christian education.

Pilgrim Lutheran School enthusiastically provides students with a comprehensive curriculum in a caring, Christ-centered community, preparing them to be compassionate, responsible leaders. Our school seeks to serve with home and church in developing the whole child - body, mind and spirit. This is what makes us unique!

Pilgrim Christian Day school is accredited by the Maryland State Department of Education and we ensure that these same standards established by the state are met by all our faculty and staff.

Through academic challenge, spiritual nurturing and opportunities to serve others, we strive to create an environment where our students flourish in body, mind and spirit.

Core Curriculum

Following an integrated structure, our curriculum ensures that children are exposed to essential knowledge in English/language arts, math, science, fine arts, music and social studies. Children receive solid academic content and skills so they acquire a firm foundation for higher-level schooling.

Students receive daily literacy instruction in pre-kindergarten and kindergarten and reading/language arts instruction from first grade on. Mathematics, science or social studies and religion are also taught daily.

Religion and Special Studies

Religion/worship is not confined to classroom instruction only, but includes daily devotions and weekly chapel services. The lessons learned are put to use in school life. Children learn the Word of God and its application to their own lives.

The school also infuses a variety of non core courses into the curriculum to effectively enhance the classroom learning environment such as music, art, computers, foreign language and physical education.

Why Pilgrim?

Learning is our top most priority and we have worked to make our school affordable and convenient to all our patrons.
