Although the Reformation swept through all Western Europe, the most dramatic events of this great religious revolt took place in **Germany**. It was in Wittenberg, Saxony, that Luther posted his list of propositions (95 theses) in 1517 and burned the papal bull in 1520. The Protestant **Reformation** which had started with **Martin Luther's** Ninety-Five Theses had now swept across Europe and entrenched itself, making a clean break from the Roman Catholic Church and the pope's authority.

One result of the Reformation was the founding of Protestant churches separate from Catholic churches.

Lutheran churches are celebrating this year the 500th anniversary of the Reformation.

Prayer Corner

Please pray for the following situations and concerns:

- That we share the Good News of God's gift with others ,
- That we may reflect on our many blessings and thank God for them,
- That we may grow in grace and use our talents to extend God's love and mercy,
- That those who are ill will find healing, and
- That those less fortunate than we will be blessed with the things that they need.
